Aloha,

I am sending you this message because you signed up to get more info about campaigns and elections after the special session last year.

The good news is there is a great group of people who have stepped forward to get involved and some are running for office. We still have a few more seats to fill but we are off to a good start.

Because there are so many new people getting involved, we have partnered with the [Leadership Institute](#), a national organization that trains conservatives to be successful in campaigns and politics and organized a 2 day Mini Campaign College on April 25th and 26th in Honolulu. The sessions will go all day and we will cover every aspect of planning, putting together and running a successful campaign for local office.

We have both local and national experts that will be teaching the classes. I have attached the agenda with all the details.

The cost is \$50 for both days and that includes meals and materials. You can register online here: <https://www.leadershipinstitute.org/training/Register.cfm?schoolID=25058&>

If you are considering running for office or want to help someone who is, this will be the most valuable 2 days you can spend getting ready all year.

Many of the candidates who are running will be there so it will be a good opportunity to meet them and get involved in those races also.

Feel free to send this to others who may be interested and let me know if you have any questions.

Mahalo,  
Dylan
